MEMORANDUM

TO: Community Services Board Executive Directors
Behavioral Health Authority Directors
Local Lead Agency Directors

FROM: Kyla Patterson
Early Intervention Program Manager 

DATE: February 28, 2025

RE: Part C Early Intervention Report to the Public for FFY23/SFY24

The Office of Special Education Programs (OSEP) requires states to report to the public a compilation of the State's data on a required set of monitoring indicators for each early intervention system across the Commonwealth of Virginia. This data was reported to your agency on September 30, 2024, and was reported to OSEP in the State Performance Plan/Annual Performance Report that was submitted in February 2025. Attached please find a copy of the data that will be publicly reported on your local early intervention system's performance for the required monitoring indicators and data collection time period (July 1, 2023 – June 30, 2024).

Each state is required to post the report on its Part C Early Intervention website and share the information with stakeholder groups. I am writing to inform you that the information contained in the report titled *Summary of FFY23/SFY24 State and Local Results on Virginia's Monitoring Indicators* has been posted on the Infant and Toddler Connection of Virginia's website at www.itcva.online. As required by OSEP, in addition to posting the report on Virginia's website, we will disseminate these results through *New Path—The Support Network for Families in Early Intervention* (www.thearcofva-newpath.com), with various advocacy and stakeholder groups, and through the State Lead Agency's Communication Office. I also encourage you to post this information on your agency's website and share with your local media for publication.

The report is a compilation of the data provided by the forty (40) local early intervention systems and reflects a collaborative process over time toward the goal of establishing performance measures that serve to fulfill the expectations of funders and the public for accountability and stewardship. The tools for this report were developed with stakeholder involvement, reflecting our shared responsibility for continually

promoting a culture of high performing systems that demonstrate the efficacy of service provision and supports continuous quality improvement.

Thank you for your system's ongoing efforts to improve services for infants and toddlers with disabilities and their families in Virginia. If you have any questions, please contact Kyla Patterson, Early Intervention Program Manager, at (804) 402-8759 or via email to k.patterson@dbhds.virginia.gov.
