Early Intervention Developmental Specialist (Early Childhood Special Educator) to work in Northern Virginia

Therapy 4 Kids is a small woman owned business in Fairfax, VA. We were founded in May of 2002 by a Pediatric Occupational Therapist and a Pediatric Physical Therapist. The owners' goal was to develop a practice that focused on the treatment of infants and toddlers and prioritized family friendly care. Since its founding, Therapy 4 Kids has grown to serve over 400 children and their families monthly with an experienced team of over 20 therapists. The owners continue to participate in the daily operations to ensure that the services Therapy 4 Kids provides are of the highest quality. Therapy 4 Kids contracts with local Early Intervention Programs in Fairfax County/Falls Church and Prince William County to provide family centered care in natural environments as part of the Part C program.

We are looking to hire a part time to full time developmental specialist to work with our experienced and dynamic team of physical, occupational, speech and developmental therapists providing Early Intervention Services in Northern Virginia . We offer flexible hours, convenient locations, training, and competitive pay. For more information check out our website at www.t4konline.com.

We are currently looking to hire a therapist to work in Fairfax County primarily in the Alexandria/Springfield area, but have flexible hours and locations for therapists.

Contact Tracy Shiplett at tracyshiplett@therapy4kidsei.com for more information.
